CSST
CLIENT SOCIAL SERVICES TRACKER
by Miles Technologies

Dial-A-Ride Module
www.csstonline.com

The Dial-A-Ride Module

tracks a wide variety of both scheduled and non-scheduled transportation services. These services can range from dial-a-ride or taxi-like services to on-demand bus service, semi-scheduled and no fixed enrollment, as well as ad hoc operations such as carpooling and meal delivery.

Flexibility

Assign clients to pre-existing route segments or create route segments from a client dispatch record request.

Track every aspect of your transportation services, including:

- Time
- Mileage
- Passenger Donations
- Funding Sources
- Category Codes
- Vehicles
- Vehicle Maintenance
- Driver's License Requirements
- Training
- And More!
